

# MACINTOSH OS X - Product Compatibility

MACINTOSH OS X (10.1.3 - 10.2.5) compatibility with Olympus digital products is supplied below. **This information will be updated periodically.**  
**Last reviewed 09/2003**

<b>Software</b>		
<b>Name / Version</b>	<b>Status</b>	<b>Comment</b>
OLYMPUS Studio	OK	
OLYMPUS Viewer	OK	
CAMEDIA Master Ver. 4.1	OK	
CAMEDIA Master Ver. 4.0	OK	
CAMEDIA Master Ver. 2.5	NG *1	
CAMEDIA Master Ver. 2.01	NG *1	As Patch from Ver. 2.0 available
CAMEDIA Master Ver. 2.0	NG *1	
CAMEDIA Utility Software C 3.0	NG *1, *2	

\*1 This software is not OS X or Classic Environment compatible. If you would like to use it, you must boot the computer in OS 9.1. If you are in OS X, go to Apple> System Preferences> Start-up Disk> Mac OS 9.1. Restart the Mac.

\*2 OS X does not support cameras using a serial RS232 - connection. A serial interface card or a USB to serial interface adapter is not supported. Olympus offers alternative download accessories such as a USB Reader/Writer. These devices feature a faster transfer rate than serial, require no external power, and do not require connecting the camera.

\*\* Cameras with USB Storage class interface use native OS X drivers. OS X's included software will automatically launch when a camera is connected to download images. The camera will also appear on the desktop as "No\_Name" removable disk.

\*\*\* Cameras with USB Standard interface can use Camedia Master 4.0 or Camedia Master 4.1. [Click here to buy.](#)

<b>Photo Printer</b>		
<b>Name</b>	<b>Status</b>	<b>Comment</b>
P 400 (all versions)	OK	OS X (10.1.3 – 10.1.5) driver is available for download, <a href="#">click here</a> . This driver is also functional under OS 10.2.x. The OS 10.2.5 driver is being tested at this time.
P200	NG	This printer is not Macintosh compatible.
P300, P-330NE, P300E		OS X does not support devices requiring a serial communications port. A serial interface card or a USB to serial interface adapter is not supported.
P-150E	NG	This printer does not Macintosh

<b>Digital Accessories</b>			
<b>Name</b>		<b>Status</b>	<b>Comment</b>
